RE: SUMMARY OF MATERIAL MODIFICATIONS

Dear Participant:

As you may recall, the Trustees recently modified the continuing eligibility hours requirement for the Fund beginning with the eligibility for the month of May 2010, and continuing through September 2010 (March 2010 work month through July 2010 work month).

Due to the continued decline in employment, the Trustees have elected to extend the modified continuing eligibility hours requirement provision. The continuing eligibility hours requirement has been temporarily reduced from 120 contribution hours per month to 100 contribution hours per month per employee. This applies to the eligibility months of October 2010 through December 2010 (August 2010 work month through October 2010 work month).

In addition, in the event your Employer fails to report at least 100 hours worked in Covered Employment for the months of August 2010 through October 2010, you may utilize up to 20 hours in excess of 100 contribution hours that were remitted in the prior month to continue your coverage.

If you have less than 100 hours remitted and do not have excess hours from prior months to utilize, you may also self-pay up to a maximum of 80 hours of contributions within a calendar year, based upon a rate determined by the Board of Trustees.

If you have any questions regarding the above, please do not hesitate to contact the Fund Office.

Sincerely

IBEW Local No. 9 and Line Clearance Contractors Health & Welfare Fund
